HIDDEN RISKS

What are the **hidden risks** in your business and how much are they going to **cost you**?

Ask yourself the following questions

-  Have you **registered a trade mark** for your business with IP Australia? Not registering a trade mark for your valuable brand or product could reduce the value of your business-a business or company name is not sufficient IP protection.
-  Do you have **proper terms and conditions and other contracts for your business**? If not, you could be leaking profits.
-  **Buying or selling a business or franchise?** Do you really know **the traps for the unwary**, which can turn the transaction into a financial and legal nightmare?
-  Do you have **properly drafted employment contracts or independent contractors agreements**? If not, you should put a lot of money aside for **potential workplace claims**.
-  **Do you really know what will happen to your shares in the company if you die or become totally or permanently disabled?** If they end up in the wrong hands it can be disastrous for the business and the remaining shareholders.
-  Do you clearly understand **your director's duties** in terms of the Corporations Act? Did you know that you could be **personally liable for company losses** if you breach those duties?
-  Do you have **secure tenure of your business premises**? In particular are you protected by the Retail Leases Act in Victoria?

If you answered “**No**” to one or more of the above questions, we can help you. **Contact us today** for a no-obligation discussion.

- **Being accessible and responsive to clients' specific needs**
- **Providing personalised, commercially practical legal advice and agreements**
- **Offering flexible consultation arrangements**
- **Providing realistic turnaround times for work, and**
- **Offering agreed fees, where appropriate.**

If you require assistance with an area of law that falls outside our area of expertise, we can refer you to our network of quality lawyers, who have a similar philosophy regarding service excellence and hands-on assistance.
